

## SERVICE QUALITY SANITATION

## New York Has Nothing on Pendleton

When it comes to building permits, Pendleton's building permits were greater, pro rata, than were New York's during the past year.

1914 has shown an increased attendance at the Pendleton High School of 25 per cent and an increase of \$1,500 at the Post Office.

and he is getting tired of it.

Even one enemy is one too many.

## NOTICE

(Continued from page two.)

Mrs. E. L. Crockett, formerly of  
this city, and mother of Ernest Crockett,  
a prominent student of the local  
high school, may return from Spo-  
kane, where she has been staying  
with her daughter, Mrs. A. Mackenzie  
Meldrum. Mrs. Crockett is expected  
to return to Pendleton about the fif-  
teenth of this month, and will make  
Pendleton her residence for the re-  
mainder of the school term.

At 12:30 today John Mitchell claimed  
as his bride Miss Eunice Guerrant,  
the ceremony being performed by  
Justice of the Peace Joe H. Parkes in  
the presence of a few friends and re-  
latives. The young couple live at  
Holdman.

Mrs. Bertha Green of Portland is  
expected to arrive today to attend the  
funeral of her sister, Mrs. Edwin P.  
Marshall.

Mr. and Mrs. R. T. Brown arrived  
home this morning from a two week  
visit in Portland, Salem and other  
Willamette valley points.

Mr. and Mrs. H. G. Newport of  
Hermiston, spent the weekend at the  
Hotel Pendleton.

Mrs. R. R. Lewis is up from Echo  
today.

Election Probe Begins.  
INDIANAPOLIS, Jan. 4.—A federal  
investigation into alleged irregular-  
ities at the recent election here  
and of charges that negro voters were  
intimidated, began. Hundreds of In-  
dianapolis residents have been served  
with subpoenas.

HERBERT COREY, FAMOUS  
WAR CORRESPONDENT

ASHLAND, Ore., Jan. 4.—Congrega-  
tions of five churches of this city re-  
ceived a surprise on discovering new  
faces in their respective pulpits.

Without any previous announce-  
ment the Congregational pastor offi-  
ciated at the Methodist church, Chris-  
tian at the Presbyterian, Baptist at the  
Congregational, Presbyterian at the  
Baptist. In the evening the same plan  
was followed with a change in the as-  
signments.

The lady looked with favor upon  
the new departure and in certain in-  
stances expressed a desire that the  
temporary innovation might lead to  
something permanent. The clergy,  
who arranged the affair as a New  
Years surprise to their flocks, were  
the Reverends Farquhar, Vallandingham,  
Blackstone, Carnahan and Doug-  
lass.

Aviators Bombard Station.  
AMSTERDAM, Jan. 4.—French avi-  
ators bombarded the German aviation  
station at Etterbeek, near Brussels.  
They destroyed a dirigible shed in the  
course of construction and killed several  
Germans.

MINNEAPOLIS, Minn., Jan. 4.—  
A romance started when both  
were school children, culminat-  
ed today when Dr. Albert Lee, Minn.,  
married Miss Beatrice Gjersten,  
nationally known opera singer.  
Miss Gjersten had just returned  
from a tour of Europe and was  
booked for Minneapolis. The  
doctor attended the recital. Af-  
ter the recital, he met the singer  
at a reception. School day ro-  
mance was renewed.

ASHLAND, Ore., Jan. 4.—The local  
sub-station of the Oregon-California  
Light & Power company, situated  
across Bear Creek, outside the city  
limits, was burned out. It was of re-  
inforced concrete, equipped with ex-  
pensive apparatus. A 40,000 volt-  
age center here, furnishing light and  
power to an extensive outlying dis-  
trict as well as to the city. The fire  
department was powerless to render  
aid.

IRRIGATION CONGRESS OF  
STATE CONVENES THURSDAY

FOURTH ANNUAL SESSION WILL  
OPEN AT IMPERIAL HOTEL  
IN PORTLAND.

The fourth annual session of the  
Oregon Irrigation Congress, of which  
Asa B. Thomson of Echo, is president,  
will convene Thursday in the Imperial  
Hotel, Portland, for three days. The  
session promises to be a stirring  
one.

One of the most important matters  
to come before the congress will be  
the recommendation as to which pro-  
jects should receive the state and  
federal appropriations. While these  
recommendations do not mean that  
the officials will follow them, in the  
past they are said to have been of  
considerable influence.

A strong delegation is expected  
from Malheur and Crook counties. It  
is probable that the fight between  
the Deschutes project and the Owy-  
hee project for the major portion of  
the \$450,000 appropriation that Sec-  
retary Lane has promised to recom-  
mend will be a hot one.

Officers of the congress are:  
President, Asa B. Thomson, Echo;  
first vice president, J. W. Brewer,  
Portland; second vice president, J. R.  
Blackaby, Ontario; third vice pres-  
ident, W. L. Thompson, Lakeview;  
secretary, Fred N. Wallace, Laidlaw.

Committees are—Executive com-  
mittee—Frank Sloan, Stanfield, chair-  
man; C. W. Mallett, Ontario; W. F.  
King, Prineville; William Hanley,  
Burns; C. C. Chapman, Portland;  
Guy Rice, Lakeview; W. R. Walpole,  
Irrigon. Legislative committee—J. T.  
Hinkle, Hermiston, chairman; Abel  
Ady, Klamath Falls; Walter F. Bur-  
rell, Portland; Vernon A. Forbes,  
Bend; M. J. Lee, Canby. Program  
committee—C. C. Chapman, Portland,  
chairman; A. O. Walker, Alifalfa; J.  
K. Fisher, Haines.

Allies Buy Many Horses.

LA GRANDE, Ore., Jan. 4.—L. W.  
La Russell, of Walla Walla, accom-  
panied by a party of French officers  
and horsebuyers, was in the city buy-  
ing horses for use in the artillery and  
cavalry service of the allied armies.  
Mr. Russell is the general contractor  
for the allied armies in this part of  
the northwest and is after all the  
horses he can get that are suitable for  
the service. One hundred and forty  
four head of horses were bought by  
these men at branch line points in  
the past week. They completed their  
work on the branch line yesterday.  
More than 300 head of horses were  
brought to this city for inspection to-  
day and practically one-third of them  
were approved as acceptable by the  
French inspectors, Messieurs Chivagny  
and Robin, who simply pass upon  
the fitness of the animal for army  
service and have nothing to do with  
purchase of the animals.

A number of the horses which were  
purchased by Charles G. Thomas, re-  
presenting himself to be a buyer for  
the British army, "at Union, were  
brought to this city for the sale to-  
day. Approximately 110,000 was paid  
to horse owners here today by Mr.  
Russell.

Britain Has Six Armies.

LONDON, Jan. 4.—An army order  
issued announces that the present or-  
ganization of the army will be fur-  
ther developed by the creation of  
six armies, each of which will con-  
sist generally of three army corps.  
The first army will be commanded  
by Lieutenant-General Sir Douglas  
Haig, who headed the first army  
corps of the expeditionary forces;  
the second by General Sir Horace L.  
Smith-Dorrien, the third by Lieuten-  
ant-General Sir Archibald Hunter, the  
fourth by General Sir Ian Hamilton,  
the fifth by General Sir Leslie Rundle  
and the sixth by General Sir Bruce  
M. Hamiltons.

Major General Sir Charles C. Munro,  
Lieutenant-General Sir Charles  
Ferguson, and Lieutenant-General  
Sir H. C. O. Plumer have been given  
command of the first, second and  
third army corps, respectively.

Pastors Surprise Flocks.

ASHLAND, Ore., Jan. 4.—Congrega-  
tions of five churches of this city re-  
ceived a surprise on discovering new  
faces in their respective pulpits.

Without any previous announce-  
ment the Congregational pastor offi-  
ciated at the Methodist church, Chris-  
tian at the Presbyterian, Baptist at the

## NEWEST PHOTO OF GERMAN CHANCELLOR

This is the latest and best photo-  
graph of Chancellor Bethmann-Holl-  
weg yet published in the United  
States. It shows him in his field uni-  
form with the ribbon of the Iron  
Cross on his coat. The cross is hid-  
den under the coat.

Through the many changes report-

ed, and which have taken place in the  
political and military staffs of the  
kaiser since the war began, there have  
been no rumors that the chancellor  
or reichkanzler, as the Germans call  
him, is not in the highest favor. The  
entry of England into the war and the  
hard fight of Belgium have not been  
blamed on him.

A NEW STEP IN  
RAILWAY SANITATION

WASHINGTON, Jan. 4.—There are  
many things tolerated in this world  
only because no satisfactory remedy  
has been proposed. Railroad and  
steamboat officials have long been  
interested in the discovery of some  
means for the sanitary disposal of  
the sewage from trains and vessels.

As handled at present this sewage  
constitutes a serious menace to the  
public health, since its promiscuous  
discharge on the watershed crossed  
by a train or the fresh body of water  
traversed by a steamer may sow  
broadcast the seeds of an epidemic of  
waterborne disease, such as typhoid  
fever or dysentery.

Fully realizing that no improve-  
ment in the present situation would  
be possible until some practical  
measure had been suggested, the  
United States public health service  
has been at work for some time on  
this problem. A preliminary report  
issued describes what is believed to  
be the most satisfactory remedy so  
far proposed.

By the installation of a very simple  
apparatus and the use of the oldest  
and best known disinfectant, heat,  
every railroad train and vessel can  
be so equipped as to sterilize at a  
very small cost its sewage, which af-  
ter becoming practically unobjection-  
able, is automatically discharged.

Actual tests of a model of this ap-  
paratus show that it kills 99.9 per  
cent of the total number of bacteria  
in sewage, and eliminates completely  
the characteristic intestinal organ-  
ism, bacillus coli, regarded by sani-  
tarians as typical of the disease-pro-  
ducing germs. Such a degree of sew-  
age sterilization had not been attain-  
ed before, and the studies of the pub-  
lic health service must therefore help  
in solving a difficult problem facing  
health authorities and railroad and  
steamer officials.
